Head Office: Unit 7, 60 Nerang Street, Nerang 4211

Message from the CEO

As CEO of this organisation, I can assure students that I will fully support the implementation of all quality, management and operational functions articulated in this student handbook. I will ensure myself and the Five Star Security Training team adhere to our underlying philosophy of continuous quality improvement in all aspects of Five Star Security Training's operations. We welcome your input to ensure that our services meet your expectations.

This student handbook provides the direction that informs and guides Five Star Security Training towards the provision of best practice in training development, management and service delivery. For Five Star Security Training, it will facilitate compliance with the standards regulated by the Australian Skills Quality Authority. For clients of Five Star Security Training, it will ensure that their investment in training provides the best possible training experience and outcomes.

Thank you for choosing Five Star Security Training to deliver your training needs. We trust that this Handbook will provide the information you need to proceed with your enrolment and successfully complete your training. Prior to enrolment in one of our courses, you will have an opportunity to discuss the information in this Handbook with one of our team who will confirm that you have had a chance to consider this information. If you have any questions prior to enrolment or at any time in the future please don't hesitate to contact myself or members of the team.

Regards
James Crilly | CEO

STUDENT HANDBOOK REVIEW

This Student Handbook will be reviewed at least annually and/or whenever significant changes occur within the industry that impact on delivery. Triggers include changes to the training product, legislative or licensing requirements, the security threat environment, operational procedures, technology, learner outcomes, industry feedback, assessment validation outcomes or identified risks to training outcomes.

Implementation of Minor Changes

Where a minor industry change is identified that does not alter the training product outcome or assessment requirements, the Training Manager may authorise contextualisation of relevant learning material. Changes to assessment tools, assessment requirements, delivery structure or the planned learner journey require formal TAS review and quality assurance.

- minor changes to licensing and legislation requirements that need to be updated in learning materials
- minor changes to standard industry practices, policies and procedures that need to be updated in learning materials
- minor changes to types of equipment/technology used throughout the industry that is used for training activities
- changes to sources of information (i.e. addresses, websites, contact details, etc.) which are referenced in the learning materials.

Note that any changes to the assessments or outcomes of the course will be sufficient justification for a review of the Training and Assessment Strategy.

Modification History

Version	Effective Date	Summary	Modification by
1.0	July 2025	Upgraded to reflect 2025 Standards	James Crilly

OVERVIEW

Regulatory Framework

As a Registered Training Organisation Five Star Security Training is subject to the regulatory framework that governs the Australian Vocational Education and Training sector and protects both RTOS's and students. The legislative framework established by the [National Vocational Education and Training Regulator Act 2011](#) and related legislation, empowers the Australian Skills Quality Authority (ASQA) as the national regulator for Australia's vocational education and training sector. ASQA regulates courses and training providers according to the Standards for Registered Training Organisations 2025 to ensure nationally approved quality standards for training are met.

The VET Quality Framework is comprised of:

- [Standards for Registered Training Organisations 2025](#)
- [Australian Qualifications Framework](#)
- [Fit and Proper Person Requirements](#)
- [Financial Viability Risk Assessment Requirements](#)
- [Data provision requirements](#)

Overview of Five Star Security Training

Five Star Security Training recognises the importance and benefits of combining industry experience with tertiary education when striving to deliver programs of highest quality and relevance to the client. All trainers and assessors employed or contracted by Five Star Security Training have demonstrated significant industry experience in addition to obtaining tertiary qualifications, allowing them to provide a professional, well rounded learning environment for participants. Staff are equipped with the skills to ensure their teaching methods are suitable for all participants, utilising simple language where appropriate to communicate information most effectively. Five Star Security Training strictly adheres to the Standards for RTOs 2015 to continue delivering training services of the highest quality to their clients.

The CEO recognises that opportunities for improvement arise in every aspect of business and has developed an organisational culture within Five Star Security Training to capitalise on these opportunities for improved practice. Five Star Security Training supplies feedback forms to all students at the end of each program, as participant feedback has been identified as an important and valuable factor in monitoring and developing business practices and quality training, ensuring the ever-changing needs and expectations of clients are being met. The CEO also welcomes feedback from other improvement opportunities such as risk assessment, student suggestions, complaints and appeals, validation sessions and audit reports.

Student feedback is critical to our continuous improvement policy. Along with the formal feedback mentioned earlier, students are encouraged to give feedback throughout their enrolment.

In order to encourage and achieve continuous improvement based on the collection of the above mentioned data, Five Star Security Training has developed a best practice register which will include a written record of all improvement strategies.

The 'Student's Journey'

Five Star Security Training CEO has identified the audit approach implemented by ASQA since June 2016. This represents a change to the traditional audit approach applied by regulators.

Key features include:

- Greater use of risk analysis and intelligence to trigger audits ('proactive regulation')
- Greater focus on the student's experience and RTO's practices and behaviours
- Options for longer, standard or earlier notice periods
- Scope of audit is flexible, based on intelligence and provider profile
- Information used to inform audit drawn from a wider range of sources including intelligence from other government agencies
- Greater student input
- Audit outcomes reported against the phases of the student's experience

Key phases of the 'student experience' include:

- Marketing and recruitment
- Enrolment
- Support and progression
- Training and assessment
- Completion

Throughout Five Star Security Training's Student Handbook and Quality Management and Operational Framework each of the policies, systems and procedures support ASQA's audit model. Each staff member and in particular each trainer and assessor will ensure the student's experience will provide the best opportunity for a positive vocational outcome.

We sincerely hope your journey, as a student with Five Star Security Training will be most enjoyable.

Five Star Security Training Organisational Structure

Five Star Training Academy – Organisational Structure

This organisational chart illustrates the lines of communication between the management and trainers which ensures decision making which impacts on students is informed by the experiences of trainers and assessors.

Five Star Security Training Courses

What courses can I study with Five Star Security Training?

All programs aligned to the qualifications contained in the CPP Property Services and HLT Health Training Packages. Currently Five Star Security Training is able to offer students accredited training in the following:

Qualifications

Code	Title	Extent	NSW	VIC	QLD	SA	WA	TAS	NT	ACT
CPP20218	Certificate II in Security Operations	Deliver and assess	✓	✓	✓	✓	✓	✓	✓	✓
CPP31318	Certificate III in Security Operations	Deliver and assess	✓	✓	✓	✓	✓	✓	✓	✓
FSK20119	Certificate II in Skills for Work and Vocational Pathways	Deliver and assess	✓	✓	✓	✓	✓	✓	✓	✓
CPP31418	Certificate III in Close Protection Operations	Deliver and assess	✓	✓	✓	✓	✓	✓	✓	✓

Accredited Courses

Code	Title	Extent	NSW	VIC	QLD	SA	WA	TAS	NT	ACT
11029NAT	Course in Firearms and Weapons Safety (Approved for Firearms Licensing in Queensland)	Deliver and assess								

What qualification will I receive?

Upon successful completion of your course with Five Star Security Training you will be eligible to receive the following award.

Course	Certification
AVI210118 Certificate II in Transport Security Protection	Qualification
CPP20218 Certificate II in Security Operations	Qualification
CPP31318 Certificate III in Security Operations	Qualification
FSK20119 Certificate II in Skills for Work and Vocational Pathways	Qualification
CPP31418 Certificate III in Close Protection Operations	Qualification
SIT20322 Certificate II in Hospitality	Qualification
SIT30622 Certificate III in Hospitality	Qualification
CPCCWHS1001 Prepare to work safely in the construction industry	Statement of Attainment
HLTAID009 Provide cardiopulmonary resuscitation	Statement of Attainment
HLTAID011 Provide First Aid	Statement of Attainment
HLTAID014 Provide Advanced First Aid	Statement of Attainment
SITHFAB021 Provide responsible service of alcohol	Statement of Attainment
CPPSEC3101 Manage conflict and security risks using negotiation	Statement of Attainment
CPPSEC3102 Maintain operational safety and security of work environment	Statement of Attainment
CPPSEC3103 Determine and implement response to security risk situation	Statement of Attainment
CPPSEC3107 Monitor security and coordinate response from control rooms	Statement of Attainment
CPPSEC3121 Control persons using empty hand techniques	Statement of Attainment
11029NAT Course in Firearms and Weapons Safety (Approved for Firearms Licensing in Queensland)	Statement of Attainment

After you have met the requirements of your course, you will be issued the relevant Certificate with an academic transcript listing all of the units of competency you have achieved.

Nationally recognised qualifications are made up of individual units of competency. If you do not meet all of the course requirements but have completed the requirements for one or more units of competency, you will be issued an AQF Statement of Attainment for the unit(s) you have completed.

How is training delivered?

Training courses with Five Star Security Training are delivered by:

- Face to face classroom training
- Video conferencing
- Blended learning
- Online eLearning

What are the prerequisites?

Prerequisites are specific to individual courses. Please consult the course outline for your choice course for prerequisite information.

How do I enrol?

Enrolment is initiated by you contacting Five Star Security Training. We will despatch to you by suitable means an enrolment form and literature on the course(s) being considered and any other relevant documentation.

All students will receive:

- A pre-course email covering course information and requirements
- A pre-course assessment and registration
- Confirmation of enrolment
- An email with course delivery details

Further detail is provided in section on Student Selection and Enrolment Procedure page 15.

Our trainers

Five Star Security Training engages trainers and assessors who meet the requirements of the 2025 Standards for Registered Training Organisations and the Credential Policy. This includes the credentials appropriate to their role, relevant vocational competencies and current industry skills and knowledge.

Our trainers and assessors maintain their professional development in training, assessment and their industry area. Many continue to work in the security industry, including operating their own security businesses. This experience supports practical training that reflects current workplace practices.

Training and assessment methods are adapted to students' identified learning and support needs while maintaining the requirements of each training product.

Our approach

The CEO recognises that opportunities for improvement arise in every aspect of business and has developed an organisational culture within Five Star Security Training to capitalise on these opportunities for improved practice. Five Star Security Training supplies feedback forms to all students at the end of each program, as participant feedback has been identified as an important and valuable factor in monitoring and developing business practices and quality training, ensuring the ever-changing needs and expectations of clients are being met. The CEO also welcomes feedback from other improvement opportunities such as risk assessment, student suggestions, complaints and appeals, validation sessions and audit reports.

As a student with Five Star Security Training, your feedback is critical to our continuous improvement policy. Along with the formal feedback mentioned earlier, students are encouraged to give feedback throughout their enrolment.

In order to encourage and achieve continuous improvement based on the collection of the above mentioned data, Five Star Security Training has developed a best practice register which will include a written record of all improvement strategies.

Student Protection

It is the intention of the CEO of Five Star Security Training that all students will receive the full training services paid for at all times, including but not limited to training and assessment, assessment only, recognition of prior learning or short courses. The continuous improvement and quality management practices employed by Five Star Security Training CEO and staff are designed to proactively identify any anomaly that might cause a business interruption or training failure and address this situation before any students are affected.

The corporate structure, governance and financial management systems and processes guarantee the training for students enrolled with Five Star Security Training. This guarantee in no way ensures a successful qualification outcome. Five Star Security Training will work with the affected students to ensure their rights are protected. This may include but is not limited to:

- A pro-rata refund of course fees
- Facilitating the transfer of the student's study to another suitable RTO

STUDENT SERVICES AND SUPPORT

Client focus

Five Star Security Training is committed to delivering high quality services that support students throughout their training and assessment. This commitment is based on a client focused operation that produces the best possible outcome for students. Five Star Security Training will ensure students are informed of the services they are to receive, their rights and obligations, and the responsibilities of the RTO. Students who undertake training with Five Star Security Training receive every opportunity to successfully complete their chosen training program. Five Star Security Training will provide students with information prior to commencement of services including any subcontracting arrangements affecting the delivery of training and/or assessment.

Five Star Security Training takes a systematic approach to establish and recognise the needs of each client. It is a requirement that all staff members do their utmost to meet the needs of students. Where a student's need is outside the scope or skill of the organisation, they will be referred to an appropriate service or an alternate training organisation.

Student advice

Five Star Security Training delivers specialised training and assessment services¹. As such, it is vital that all students are informed of and understand the extent of the training course that they are enrolling in. Five Star Security Training has in place a process and mechanism to provide all clients information about the training, assessment and support services to be provided, and about their rights and obligations, prior to enrolment or entering into an agreement.

In summary, Five Star Security Training will provide:

- Training programs and services that promote inclusion and are free from discrimination
- Support services, training, assessment and training materials to meet the needs of a variety of individual students
- Consideration of each individual's needs to provide the best opportunity for skill development and attainment of qualifications that can lead to further training or employment
- Opportunity for consultation between staff and students so that all aspects of individual circumstances can be taken into consideration when planning training programs

¹ Services include:

- (a) Pre-enrolment materials;
- (b) Study support and study skills programs;
- (c) Language, Literacy and Numeracy (LLN) programs or referrals to these programs;
- (d) Equipment, resources and/or programs to increase access for students with disabilities;
- (e) Learning resource centres;
- (f) Mediation services or referrals to these services;
- (g) Flexible scheduling and delivery of training and assessment;
- (h) Counselling services or referrals to these services;
- (i) Information technology (IT) support;
- (j) Learning materials in alternative formats, for example, in large print; and
- (k) Learning and assessment programs customised to the workplace.

- Consideration of the views of students' community, government agencies and organisations, and industry when planning training programs
- Access to information and course materials in a readily available, easily understood format
- Information to assist students in planning their pathway from school or the community to vocational education and training

While Five Star Security Training guarantees that all students will receive the full training services paid for, it does not guarantee a student will successfully complete the course in which they are enrolled or that the student will obtain a particular employment outcome outside the control of Five Star Security Training.

Student information policy

Five Star Security Training will provide all relevant information and directions to each student prior to enrolment as part of the student induction to enable the student to make informed decisions about undertaking training with Five Star Security Training. This information will be clear and readily available in print or referral to an electronic copy. This will include details required to source the Five Star Security Training student handbook, available as PDF document on Five Star Security Training website: www.fivestartraining.edu.au

Five Star Security Training will provide the following information specific to each student:

- the code, title and currency of the AQF qualification, skill set or VET course to which the student is to be enrolled, as published on the National Register the services the RTO will provide to the student including the:
 - estimated duration of the services
 - expected locations at which the services will be provided
 - expected modes of delivery
 - name and contact details of any subcontractor which will provide training and assessment to the student
- the student's obligations including any requirements that Five Star Security Training requires the student to meet to enter and successfully complete their chosen AQF qualification, skill set or VET course
- any materials and equipment that the student must provide; the educational and support services available to the student

Where there are any changes to agreed services, Five Star Security Training will advise the student in writing and with a follow-up telephone call as soon as practicable, including in relation to any new third party arrangements or a change in ownership or changes to existing third party arrangements.

Student Selection and Enrolment Procedure

Student selection

Enrolment and admission into some of Five Star Security Training, training programs is subject to meeting certain prerequisite conditions and/or entry requirements. Specific details of the prerequisites pertaining to these training programs are contained in individual course documentation and are made available prior to enrolment. In the case that a potential student does not meet the prerequisite conditions and/or entry requirements, Five Star Security Training staff will endeavour to assist them in understanding their options in regards to meeting the standards. Trainers or Five Star Security Training management can address any questions regarding these arrangements.

Enrolment

Before enrolment, Five Star Security Training reviews each prospective student's relevant skills and competencies, including language, literacy, numeracy and digital literacy, against the requirements of the proposed course.

The review includes a pre-enrolment questionnaire, relevant skills activities and discussion with the student where clarification is required. We also consider course entry requirements, previous training, industry experience, access to required technology and any learning or accessibility needs disclosed by the student.

Students receive advice about the suitability of the course before enrolment. Where support is required, we discuss the available assistance, reasonable adjustments and any external referral options. Agreed support arrangements are documented and communicated to relevant staff with appropriate regard for student privacy.

Where the course is unsuitable, or the required support cannot reasonably be provided, we explain the reasons and discuss alternative pathways.

Students may request additional support at any stage of their training. Support needs are reviewed as students progress and circumstances change.

Pre-course Email

As an additional support to enrolling students, Five Star Security Training will send a pre-course email to the student prior to the commencement of training. Information includes the time, date and location of training, the resources the student should bring to the course and overview of the units of competency to be studied and the format/style of training to be provided.

Pre-enrolment Questionnaire

A pre-enrolment questionnaire will be provided to each student. Questions are designed to identify the student's needs, so Five Star Security Training staff members can evaluate any requirements the student may have to improve his/her learning experience and outcome.

The designated Five Star Security Training staff member will receive and assess each student's pre-enrolment questionnaire. Based on the information in the checklist, the enrolment form, interview, induction and any other relevant correspondence and conversation, Five Star Security Training staff and management may offer additional support. Examples of the support services may include:

- Study support and study skills programs
- Language, literacy and numeracy (LL&N) programs or referrals to appropriate programs
- Equipment, resources and/or programs to increase access for students with disabilities
- Learning resource centres
- Mediation services or referral to appropriate services
- Flexible scheduling and delivery of training and assessment
- Counselling services or referral to appropriate services
- Information technology support
- Learning materials in alternative formats i.e. large print
- Learning and assessment programs customised to the workplace

Induction

On successful completion of the enrolment process, all students will undergo an induction on day one which will cover:

- Introduction to Five Star Security Training staff and resources available to assist your training
- Orientation to facilities and resources
- Confirmation of the units of competency in the course and qualification to be issued
- How training will be conducted and the method, format and purpose of assessment
- Learning and assessment resources to be provided
- Outline of traineeship/apprenticeship requirements, if you are undertaking the study as part of a traineeship/apprenticeship
- Overview of the support services offered by Five Star Security Training, especially for those students who might require additional language, literacy or numeracy support
- Explanation of the Appeals and Complaints procedures
- Career and AQF pathways available to students.

Student support

Five Star Security Training will assist all Students in their efforts to complete training programs. The Five Star Security Training Student Handbook advises Students that they can contact their trainer or the Training Manager if they are experiencing difficulties with any aspect of their studies. Five Star Security Training staff will assist them in achieving the required level of competency in all nationally recognised units of competency based on their individual needs.

If a student is experiencing personal difficulties, the trainer and assessor will encourage the student to contact Five Star Security Training Training Manager, who will provide discreet, personalised and confidential assistance according to the nature of the difficulties. If issues are impacting the student's study, course deferral may be discussed.

In the event that a Student's needs exceed the capacity of the support services Five Star Security Training can offer, they will be referred to an appropriate external agency. These needs may be academic needs or personal needs. Extensive information regarding support agencies, resources and services may be sourced online. Five Star Security Training management will assist students to source appropriate support.

Examples of specialist support agencies Five Star Security Training has a relationship with and may engage:

Workplace Wellbeing	Hunterlink National 1800 554 654 https://hunterlink.org.au/
Reach Out	Reach Out helps supports people with issues such as drug taking, alcohol or gambling or gaming addiction http://au.reachout.com/tough-times/addiction
Counselling Online	Counselling Online is a free 24/7 drug and alcohol counselling service in Australia that supports people affected by alcohol and other drugs. For phone contacts in all Australian States refer to: http://eheadspace.org.au/
Head Space	eheadspace is an online and telephone service which supports young people and their families going through a tough time. It is specifically targeted at those aged between 12 and 25. Phone: 1800 650 890 (available from 9am – 1am 7 days a week) http://www.eheadspace.org.au/
Counselling services	Referral to appropriate 24/7 services such as: Beyond Blue ph: 1300224636 http://www.beyondblue.org.au Lifeline ph: 131114 http://www.lifeline.org.au
Reading and Writing Hotline	www.readingwritinghotline.edu.au/information-and-advice Phone: 1300 655 506. There are also numerous adult reading/writing apps for smart phones/tablets aimed at supporting literacy.
LLN Training Courses provided by local TAFE Colleges	These institutes have specialist LLN Teachers to support individual participants own level of development and can be accessed via a Google Search of local TAFEs and course availability.

Flexible delivery and assessment procedures

Five Star Security Training recognises that some people are better suited to learning via teaching methods not usually obtained in the traditional classroom setting. With some minor adjustments to teaching and assessment methods, a student who is experiencing difficulty learning and achieving the desired results in the traditional setting may show considerable improvements.

The staff and management of Five Star Security Training respect these differences among students and will endeavour to make any necessary adjustments to their methods in order to meet the needs of a variety of students. For example, the inability to complete a written assessment will not be interpreted as a sign of incompetence, provided the student can verbally demonstrate competency.

Acceptable adjustments to teaching and assessment methods may include, but are not limited to; having a trainer read assessment materials to students, having a student's spoken responses to assessment questions recorded or allowing a student to sit for an assessment alone in a different room.

Five Star Security Training staff will pursue any reasonable means within their ability to assist students in achieving the required competency standards. In the event that a student's needs exceed the capacity of the support services Five Star Security Training can offer, they will be referred to an appropriate external agency.

Reasonable adjustment

Five Star Security Training provides reasonable adjustments to assist students to participate in training and assessment on an equitable basis.

Adjustments may include accessible learning materials, additional explanation, assistive technology, rest breaks, modified scheduling or an alternative method of answering knowledge questions where the training product permits this.

Adjustments must preserve the skills, knowledge, performance evidence and assessment conditions required by the training product. Oral questioning cannot replace a required demonstration of writing, practical performance or another specified skill.

The assessor discusses proposed adjustments with the student, confirms that the assessment requirements can still be met and records the arrangements. A student is assessed as competent only when sufficient valid, authentic and current evidence demonstrates that all requirements have been achieved.

Access and Equity

Five Star Security Training is committed to practicing fairness and providing an equal opportunity for all current and potential students to access and participate in learning, and to achieve their learning outcomes regardless of age, gender, cultural or ethnic background, disability, sexuality, language skills, literacy or numeracy level, unemployment, imprisonment or remote location that may present a barrier to access, or any other perceived difference in class or category. Five Star Security Training ensures that its practices are as inclusive as possible and do not unreasonably prevent any clients from accessing its services. Five Star Security Training will address access and equity matters as a nominated part of operational duties.

If a student identifies with one or more of the following priority groups, he/she may be able to receive additional assistance:

- Aboriginal and/or Torres Strait Islander people
- Carers of people who are ill, aged or who have a disability
- People with a disability
- Women and girls who are returning to education and training
- Women and girls who are seeking training opportunities in non-traditional roles
- Young people aged 15 to 25
- Australian South Sea Islanders
- Parental job seekers
- People with English language, literacy and numeracy needs
- Mature aged workers who require up skilling
- Long term unemployed and disadvantaged jobseekers
- People from different cultural and ethnic backgrounds
- People who speak a language other than English

Five Star Security Training has developed this quality management and operational framework to guide and inform all staff and students in their obligations regarding access and equity. Upon induction into Five Star Security Training, all staff is provided with copies of the policies which they must adhere to throughout all their operations as an Five Star Security Training staff member. Students are made aware of the access and equity policy via the Five Star Security Training student handbook, and informed of their rights to receive access and equity support and to request further information.

Five Star Security Training access and equity policies are in place to ensure that training opportunities are offered to all people on an equal and fair basis in all circumstances, irrespective of their gender, culture, linguistic background, race, socio-economic background, disability, age, marital status, pregnancy, sexual orientation or carer's responsibilities.

Practicing these policies will guarantee that any student who meets Five Star Security Training entry requirements will be accepted into any training programs. If any student or staff member have issues or questions regarding access and equity, or believes they have been treated unfairly, they will be directed to Five Star Security Training's management for consultation.

Language, Literacy and Numeracy Assistance

Five Star Security Training course information and learning materials contain written documentation and in some cases, numerical calculations.

Five Star Security Training recognises that not all students will have the same level of ability in relation to reading, writing and performing calculations. When an issue is identified by Five Star Security Training staff or requested by a student, a language, literacy and numeracy test will be provided to assess the student's ability. This process is to ensure that all students who commence a training program possess the skills required to understand the presented material and complete assessments.

Five Star Security Training will endeavour to provide assistance to students having difficulty with language, literacy or numeracy to accommodate their needs. In the event that a student's needs exceed the ability of Five Star Security Training staff to assist, the student will be referred to an external support agency so they have the opportunity to obtain the skills required to complete the training program.

Code of Conduct

Five Star Security Training makes every effort to practice cooperation and mutual respect in all internal and external dealings to uphold high quality, professional training and assessment services. The same disciplined behaviour is expected of students as a contribution to a functional learning environment, and as a sign of respect to staff and fellow students.

Professional Behaviour

Students are expected to behave respectfully, follow reasonable staff instructions and comply with safety requirements.

Where behaviour disrupts learning, staff will explain the concern and the expected standard of behaviour. Where appropriate, the student will receive a warning and an opportunity to respond. Staff may immediately stop an activity or remove a person from a training session where reasonably necessary to protect safety or address serious disruption. Any further action, including suspension or cancellation of enrolment, will be reviewed by management.

Before making a final disciplinary decision, management will consider the circumstances, available evidence, the student's response and any relevant support needs. The student will receive written notification of the decision, reasons and available appeal options.

Refunds and charges will be considered under the applicable refund policy, funding conditions and Australian Consumer Law. Removal from a session does not automatically remove a student's consumer rights.

Plagiarism

Definition²

Plagiarism is the "wrongful appropriation" and "purloining and publication" of another author's "language, thoughts, ideas or expressions," and the representation of them as one's own original work.

Policy

Plagiarism is considered academic dishonesty and a breach of journalistic ethics. It is subject to serious sanctions such as expulsion. It is quite reasonable to research material in the course of undertaking assessment. All sources, however, must be clearly referenced. Five Star Security Training's CEO takes a very strict approach to plagiarism and proven incidents will not be tolerated.

Students must submit their own work and acknowledge sources used in assessment. Copying another person's answers, submitting work completed by another person, impersonation and unauthorised use of artificial intelligence or other assistance are not permitted.

Students must follow the instructions provided for each assessment concerning permitted resources and assistance. Where authenticity is uncertain, the assessor may discuss the work with the student or require additional evidence.

Suspected academic misconduct will be investigated fairly. The student will have an opportunity to respond before a decision is made. Outcomes may include further instruction, reassessment or disciplinary action, depending on the circumstances. Students may appeal an adverse decision.

FEE INFORMATION

Fees and charges

Five Star Security Training delivers fee-for-service training and government-funded training where approved.

Before enrolment or payment, students receive written information identifying their course, total payable fees, payment schedule, included services, any additional charges and the applicable refund conditions.

For government-funded training, we assess eligibility against the requirements of the relevant program and obtain the required supporting evidence. We explain the subsidy, any student co-contribution, applicable concessions or exemptions, and any effect participation may have on access to further funded training.

Funding is subject to eligibility, program conditions and available approved places. Students who are not eligible may be offered a fee-for-service place.

Fee information is available via:

- Five Star Security Training website
- Five Star Security Training program brochures
- Five Star Security Training promotional material
- Direct email from Five Star Security Training

Government-funded student contributions

Where a student co-contribution is required, Five Star Security Training advises the student of the total amount, applicable concession rate and payment arrangements before enrolment or payment. For training subject to the Skills Assure Supplier fee conditions, the co-contribution includes all mandatory costs of standard training, assessment and awarding the qualification. No more than 30% of the total co-contribution will be requested or collected upfront. The balance is collected under the payment schedule provided to the student.

Contributions are charged and recorded at unit level. Fees are not charged for credit transfer, applicable transitional gap training or students covered by an approved exemption.

An employer or an unrelated third party may pay the contribution on the student's behalf. Five Star Security Training does not pay, waive or return a mandatory contribution except where permitted by the funding conditions or approved by the Department.

Other funded programs, including Skilling Queenslanders for Work, operate under their own approved fee and participation conditions. Students are advised of the conditions applicable to their enrolment.

Fee-for-service payment arrangements

The current course fee and payment schedule are provided in writing before enrolment or payment. The schedule identifies any deposit, subsequent payments, due dates and the services included.

Five Star Security Training does not hold more than \$1,500 in prepaid fees for training and assessment services not yet delivered to an individual student. Payments are staged where necessary to maintain this limit throughout the course.

The payment schedule is specific to the course and its delivery period. Government-funded contributions are managed separately under the applicable funding conditions.

Each of these information streams clearly identifies all fees and charges, including optional charges such as Recognition of Prior Learning (RPL) fees, and will be updated regularly so that both Five Star Security Training and our clients will be protected.

Five Star Security Training will provide the following fee information, to each student:

- a) The total amount of all fees including course fees, administration fees, materials fees and any other charges;
- b) Payment terms, including the timing and amount of fees to be paid and any non-refundable deposit/administration fee;
- c) The nature of the Student Protection offered by the RTO to complete the training and/or assessment once the student has commenced study in their chosen qualification or course;
- d) The fees and charges for additional services, including such items as issuance of a replacement qualification testamur and the options available to students who are deemed not yet competent on completion of training and assessment; and
- e) The RTO's refund policy.

Fee structure

Fee for Service Students - Qualifications

Each qualification offered by Five Star Security Training has a specific course fee. The course fee is the maximum fee that may be charged to the student for their selected training program.

Our policy of a staged, progressive payment schedule is intended to provide fair and equitable training and assessment service. The student will pay for training and assessment services as they are provided.

It is Five Star Security Training's policy that the course fee will be *all-inclusive*. Students will not be 'surprised' by unexpected requirements, fees or expenses.

Where additional resources normally associated with a program of study are required (for example; reference material, research documents, own computer) students would be clearly advised of exactly what is required in the student study guide for that program.

Payment Schedule - Qualifications

Five Star Security Training's policy is to make taking part in quality training and assessment accessible and affordable. Our payment schedule asks students to make equal payments across the duration of the training program. As a simple and obvious means to keep track of the student's payments, the payment schedule is structured around the face to face training days.

Payment in advance

Students may be asked to pay \$200 in advance for fees over \$1,500. This payment confirms their enrolment in the course.

Course	Fee	Duration
CPP20218 – Certificate II in Security Operations	\$950	Varies based on delivery option
CPP20218 – Certificate II in Security Operations (without First Aid)	\$950	
AVI20118 – Certificate II in Transport Security Protection (Air Cargo Examination Officer)	\$900	
No RPL approved for this qualification		

Course	Fee	Duration
Certificate III	\$1,800	6 Months
RPL approved for this qualification	\$600	Varies

Five Star Security Training has developed a payment schedule that extends across the duration of the training program. A total of twelve (12) payments will be scheduled across the duration of the training program.

Where the training program is one (1) year duration, a payment will be made each four (4) weeks.

The amount of each payment will equally divide the course fee.

For example: \$2,000 - \$250 = \$1,750 Then \$1,750 divided into 12 payments = \$146

Five Star Security Training has developed a payment schedule for RPL that will not ask for more than \$1500 at any time prior to the service being delivered.

RPL enrolment and application completed	\$200
RPL applicant collates, prepares and submits their RPL evidence	\$500
ASSI assessor assesses the evidence and provides feedback	
RPL assessment completed and (where applicable) certification issues	\$500

To ensure fluid and seamless administration, Five Star Security Training will discuss a payment method with the student. They may choose:

- Scheduled direct debit
- Schedule credit card payment
- bPay transfer
- Or similar

After paying \$200 in advance to secure their place, students will be asked to make a payment on the first scheduled face to face training day.

At this point the students will have:

- Taken part in the pre-enrolment questionnaire
- Completed the enrolment form
- Provided their USI
- Received their pre-course letter.

The students will be provided with:

- The first training day of the course, induction etc
- The course text books
- Student study schedule
- The first set of assessments and
- Other relevant support materials.

The payment schedule used by Five Star Security Training ensures students receive the training and assessment services they have paid for.

Corporate Clients - Qualifications

Payment

Five Star Security Training operates with a number of corporate clients. This means the employer or agency will manage the payment in negotiation with Five Star Security Training. The payment schedule for corporate clients will observe the payment schedule described above and be invoiced in arrears.

Fee for Service Students – Short Courses

Each qualification offered by Five Star Security Training has a specific course fee. The course fee is the maximum fee that may be charged to the student for their selected training program.

It is Five Star Security Training's policy that the course fee will be *all-inclusive*. Students will not be 'surprised' by unexpected requirements, fees or expenses.

Payment Schedule – Short Courses

Program fees are:

HLTAID011 Provide first aid	\$110
HLTAID009 Provide cardiopulmonary resuscitation	\$75
HLTAID011 & HLTAID009	\$150
HLTAID014 Provide Advanced First aid	\$250
CPP20218 Revalidation (3 units)	\$350
CPP20218 Revalidation (2 units)	\$200
CPP31318 Cash in Transit (3 units)	\$300
CPCWHS1001 Prepare to work safely in the construction industry	\$110
SITHFAB021 Responsible Service of Alcohol	\$95

Payment balance

Full payment is to be paid at commencement of training.

Corporate Clients – Short Courses

Payment

Five Star Security Training operates with a number of corporate clients including major builders. This means the employer or agency will manage the payment in negotiation with Five Star Security Training. An invoice will be raised within fourteen (14) days of the commencement of the course.

Program fees

Per negotiation with the employer and Five Star Security Training the course fee will be paid.

Payment balance

Invoiced in arrears to the employer at completion of the training program.

Other Fees - Fee for Service and Corporate Clients

Enrolment fee

No enrolment fee is applicable.

Withdrawal fee

No withdrawal fee is applicable.

Re-submit fee

No re-submit fee applies.

Re-assessment fee

No re-assessment fee applies.

Produce partial completion statement of attainment

No fee applies to produce a statement of attainment when the student has partially completed the training program and must withdraw.

Re-print certification

Where the student requests a new copy of his/her certification, the following fees apply:

- Statement of attainment \$25.00+GST
- Qualification (with academic transcript) \$40.00+GST

Contact Us

Unit 7, 60 Nerang Street, Nerang 4211

Phone: 0422 856 766

Email: admin@fivestartraining.edu.au

Methods of payment

Students may make payments to Five Star Security Training by any of the following means:

- Cash
- Cheque/Money Order
- EFTPOS
- Credit Card (MasterCard and VISA only)
- Direct Deposit
- BPay and Australia Post BillPay (selected locations only)
- PayPal (selected locations only)

GST

All Nationally Recognised Qualifications, Accredited Courses and Units of Competency delivered by Five Star Security Training are GST-Free in accordance with the Australian Taxation Office GST Rulings GSTR 2000/27, GSTR 2001/1 and GSTR 2003/1.

Payment Receipts

A tax invoice/receipt will be issued for all payments.

Refunds

Five Star Security Training will protect fees paid in advance and has a fair and reasonable refund policy.

Information provided prior to enrolment or the commencement of training and assessment, whichever comes first, specifies the student's rights as a consumer, including but not limited to any statutory cooling-off period (where applicable) and the student's right to obtain a refund for services not provided by the Five Star Security Training in the event the:

- Arrangement is terminated early, or
- Five Star Security Training fails to provide the agreed services.

Refund – Prior to Commencing Training – Qualifications and Short Courses

An application for a refund is addressed according to the amount of notice given by the person making the request:

- 14 days prior to the commencement of the course – 100% refund
- Between 13 days and 7 days prior to the course - 75% refund
- Between 6 days and the commencement of the course – 50% refund
- Withdrawal during the course – no refund. A pro-rata credit is available so the student can complete the course at a later date

Refund – After Training has commenced - Qualifications

A student may ask for a refund of the most recent scheduled payment. Five Star Security Training will refund 100% of the most recent scheduled payment.

For example:

A student has made their scheduled payments up to and including Payment 5. And taken part in the training and assessment delivered at that point in the course.

After completing the face to face training day that coincides with Payment 5, the student approaches a Five Star Security Training representative and asks for a refund.

The refund will be 100% of the most recent scheduled payment made.

A 100% refund will be made to the student within 48 hours.

Five Star Security Training will encourage the student to return to the training program in the future.

Refund – Short Courses

An application for a refund is addressed according to the amount of notice given by the person making the request:

- 14 days prior to the commencement of the course – 100% refund
- Between 13 days and 7 days prior to the course - 75% refund
- Between 6 days and the commencement of the course – 50% refund

No refund will be made once the student has commenced the training program. The student may discuss the option to return to the same course at a future date with Five Star Security Training.

Corporate Clients

Any refund of course fees will be negotiated between Five Star Security Training and the employer or agency. A fair and equitable refund policy will apply.

Protecting fees

Five Star Security Training will ensure that student's prepaid fees (including enrolment fees, tuition fees, materials fees and any other fee component that is a mandatory payment for the course) are protected in an appropriate manner.

Student's training is further protected by Five Star Security Training's financial management policy and procedure. Any fees taken prior to the commencement of training are deposited into the No 2 (deposit) account. Fees paid in advance are not transferred to the operating account until training commences.

Five Star Security Training will not collect more than \$1500 in advance and will take progressive payments that are proportionate to the training services provided. The payment schedules outlined above support this policy.

Third Party Training

Where applicable, Five Star Security Training's Student Protection extends to training partners and training conducted by a third party on behalf of the RTO.

At this time, Five Star Security Training does not engage third parties.

TRAINING AND ASSESSMENT

Five Star Security Training is committed to delivering high quality training and assessment services that exceed the expectations of their students. To ensure this, Five Star Security Training has implemented processes for data collection and analysis within its operations that ensure the continuous improvement of training and assessment. In order to provide high quality outcomes to their clients and students, Five Star Security Training ensures that strategies for training and assessment are developed with effective consultation with industry and stakeholders.

Principles of Training and Assessment

Training and assessment strategies developed by Five Star Security Training will adhere to the following principles:

- Training and assessment strategies are developed for each qualification/unit of competency that will be delivered and assessed
- All training programs will require the development of a training and assessment strategy for full and partial completion of a qualification
- Each training and assessment strategy will be developed in consultation with industry representatives, trainers, assessors and key stakeholders
- Training and assessment strategies will reflect the requirements of the relevant training package and will identify target groups
- Training and assessment strategies will be validated annually through the internal review procedures

Five Star Security Training will apply the *Principles of Assessment and the Rules of Evidence*.

Principles of assessment

To ensure quality outcomes, assessment should be:

- Fair
- Flexible
- Valid
- Reliable

Fair

Fairness in assessment requires consideration of the individual student's needs and characteristics, and any reasonable adjustments that need to be applied to take account of them. It requires clear communication between the assessor and the student to ensure that the student is fully informed about, understands and is able to participate in the assessment process, and agrees that the process is appropriate. It also includes an opportunity for the person being assessed to challenge the result of the assessment and to be re-assessed if necessary.

Flexible

To be flexible, assessment should reflect the student's needs; provide for recognition of competencies no matter how, where or when they have been acquired; draw on a range of methods appropriate to the context, competency and the student; and support continuous competency development.

Valid

Assessment is valid when the process is sound and assesses what it claims to assess. Validity requires that:

- Assessment against the units of competency must cover the broad range of skills
- Knowledge that are essential to competent performance
- Assessment of knowledge and skills must be integrated with their practical application
- Judgement of competence must be based on sufficient evidence (that is, evidence gathered on a number of occasions and in a range of contexts using different assessment methods). The specific evidence requirements of each unit of competency provide advice on sufficiency

Reliable

Reliability refers to the degree to which evidence presented for assessment is consistently interpreted and results are consistent with assessment outcomes. Reliability requires the assessor to have the essential competencies in assessment and relevant vocational competencies (or to assess in conjunction with someone who has the vocational competencies). It can only be achieved when assessors share a common interpretation of the assessment requirements of the unit(s) being assessed.

Rules of Evidence

These are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is:

- Valid
- Sufficient
- Authentic
- Current

Valid

Assessment is valid when the process is sound and assesses what it claims to assess. Validity requires that:

- Assessment against the units of competency must cover the broad range of skills
- Knowledge that are essential to competent performance
- Assessment of knowledge and skills must be integrated with their practical application
- Judgement of competence must be based on sufficient evidence (that is, evidence gathered on a number of occasions and in a range of contexts using different assessment methods). The specific evidence requirements of each unit of competency provide advice on sufficiency

Sufficient

Sufficiency relates to the quality and quantity of evidence assessed. It requires collection of enough appropriate evidence to ensure that all aspects of competency have been satisfied and that competency can be demonstrated repeatedly. Supplementary sources of evidence may be necessary. The specific evidence requirements of each unit of competency provide advice on sufficiency.

Authentic

To accept evidence as authentic, an assessor must be assured that the evidence presented for assessment is the student's own work.

Current

In assessment, currency relates to the age of the evidence presented by a student to demonstrate that they are still competent. Competency requires demonstration of current performance, so the evidence collected must be from either the present or the very recent past.

Assessment Policy

Five Star Security Training acknowledges the critical role that assessment plays in determining the competency of students. In developing the assessment (including RPL) for each qualification and unit of competence, the CEO will ensure:

- Compliance with the assessment guidelines from the relevant training package, qualification and unit of competence of accredited course
- Assessment leads to a qualification or statement of attainment under the Australian Qualifications Framework (AQF)
- Assessment complies with the principles of competency based assessment and informs the student of the purpose and context of the assessment
- The rules of evidence guide the collection of evidence to support the principles of validity and reliability
- The application of knowledge and skills is relevant to the standard expected in the workplace, including skills for managing work tasks, contingencies and the job environment
- Timely and appropriate feedback is given to students
- Assessment complies with Five Star Security Training's access and equity policy
- All students have access to re-assessment on appeal

Five Star Security Training implements an assessment system that ensures that assessment (including Recognition of Prior Learning) complies with the assessment requirements of the relevant training package or VET accredited course. Five Star Security Training recognises that each unit of competency contains assessment requirements relating to; performance evidence, knowledge evidence and assessment conditions.

Connecting Training and Assessment with Industry

Industry Engagement

“Training and assessment practices are relevant to the needs of industry and informed by industry engagement.”

All aspects of Five Star Security Training training and assessment are informed by meaningful industry engagement. To maximise the outcomes for students, Five Star Security Training ensures that every opportunity to connect training and assessment with the workplace is utilised. Opportunities will be developed in consultation with the relevant industry personnel and responsibilities clearly communicated to all involved. To identify a range of delivery and assessment methods that meet a variety of needs, an ongoing schedule of industry liaison and consultation will be adhered to.

These consultations will be documented with meetings and memorandums acknowledged by those industry and enterprise representatives involved in consultation relating to the development and ongoing review of assessment strategies.

Five Star Security Training will:

- Involve industry personnel in planning training programs, where they are relevant to the training and assessment program
- Ensure that the training and assessment program makes full use of opportunities presented by industry
- Consult with industry personnel in the development of workplace training and assessment processes
- Monitor the student’s progress

Information from industry stakeholders is used to continuously improve training and assessment. A number of programs that engage employers or other stakeholders who contribute to each student’s training, assessment and support services to meet their individual needs are available. In addition, Five Star Security Training utilises industry engagement to inform the currency of trainers and assessors industry skills.

Apprenticeships and traineeships

At this time Five Star Security Training will not seek to engage apprentices or trainees. apply for government funding or enter into government incentive schemes. Five Star Security Training CEO may take the decision to change this policy in the future.

RECOGNISING QUALIFICATIONS AND PRIOR LEARNING

Unique Student Identifier

The [Unique Student Identifier \(USI\)](#) scheme allows students to access a single online record of their VET achievements. The online system provides each student with a USI and allows for reliable confirmation of these achievements by employers and other RTOs. The USI scheme will provide a national online authenticated record of student's training attainment and will serve as a building block for a range of vocational education and training reforms. Over time, the ability of students to access and share their training records will make enrolment processes more efficient for training providers and students.

Five Star Security Training will only issue a qualification or statement of attainment to a student after the student has provided a verified USI or Five Star Security Training applies for a USI on behalf of the student. To avoid any delays in issuing certification documentation Five Star Security Training will ensure that student's USIs are applied for or verified USI at the time of enrolment. Five Star Security Training will protect the security of all information related to USIs.

Security measures are in place to protect both digital and hard-copy records from loss, damage or unauthorised access. Five Star Security Training stores paper based records in locked cabinets. Digital records are backed up on a Cloud system. All AQF certification documentation issued by Five Star Security Training is kept for 30 years.

When reporting data about the training, each record of nationally recognised training that is provided to the national centre for vocational education research (NCVER) national VET provider collection will have a USI attached. This USI will be used to draw down on this data collection in real time. This means that, in the future, students will be able to draw down a record of their VET achievements from one place. They can view this online or they can use the data to develop a transcript that they can attach to a job application, for example.

The USI will be increasingly useful for Five Star Security Training when the data builds, Five Star Security Training (with the student's permission) will be able to draw down information about that student's previous VET attainments throughout Australia. This will assist with assessing student's admission to courses and in some circumstances, their eligibility for funding. Training providers will have access to an online information source to manage student transfers between training providers, and the assessment of credit transfer and pre-requisites.

More information is available from the [Department of Industry's website](#) where a comprehensive [video](#) outlines the USI scheme for Five Star Security Training staff.

Recognising Qualifications from another RTO

Five Star Security Training will recognise all AQF qualifications and statements of attainment issued by any other RTO. If any ambiguity is detected when validating a student's certification, Five Star Security Training will seek verification from the relevant RTO before recognising the qualification or statement of attainment. Students enrolling with Five Star Security Training will be made aware of the recognition of qualifications policy by Five Star Security Training staff at the time of enrolment to offer the opportunity of recognition of relevant qualifications or statements of attainment prior to the commencement of training. Five Star Security Training trainers will remind students of the policy progressively throughout the duration of their course.

When a student presents an AQF qualification or statement of attainment to a trainer or staff member, a copy of the certificates will be taken and submitted to Five Star Security Training for verification. Five Star Security Training will verify the authenticity of the qualification or statement of attainment.

The verified copy of the qualification or statement of attainment is placed in the student's file. Once verification of the qualification or statement of attainment has been established, Five Star Security Training staff will inform the student and offer exemption from the relevant unit(s) of competency. Staff will ensure the student is aware of and understands what component(s) of their training and assessment are affected. Five Star Security Training staff will update the student's records accordingly.

Credit Transfer

Students are informed before enrolment about opportunities to apply for credit transfer and Recognition of Prior Learning.

Credit transfer recognises previously achieved units or modules supported by authenticated AQF certification documentation or an authenticated VET transcript. Five Star Security Training checks the evidence and confirms that the completed unit is the same as, or equivalent to, the unit for which credit is sought.

Recognition of Prior Learning is an assessment of skills and knowledge gained through formal learning, work, life experience or other activities. The assessor evaluates evidence against all requirements of the relevant unit, including any required practical demonstration.

Credit transfer and RPL are subject to applicable training product and licensing requirements. Where a restriction applies, we explain its basis to the student before proceeding.

Decisions are recorded and communicated to the student. Students may appeal an adverse decision through the appeals process.

Recognition of Prior Learning

Five Star Security Training appreciates the value of workplace and industry experience, and recognises that students will acquire vocational skills and knowledge from a variety of sources other than formal training. These skills are legitimate irrespective of how they were acquired and the RPL process is designed to provide validation of such relevant skills.

Recognition of Prior Learning fees are confirmed in writing before the student agrees to proceed or pays any fee. The written quotation identifies the qualification or units being assessed, the assessment services included, the total fee, payment stages and any circumstances in which additional gap training may be required.

If gap training is required, Five Star Security Training provides a separate training plan and quotation for the student's agreement before those services commence.

Payment of an RPL fee does not guarantee a successful assessment outcome. Where government funding applies, RPL fees and contributions are managed in accordance with the relevant program conditions.

Recognition of Prior Learning (RPL) is an assessment process that assesses an individual's formal, non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of a VET qualification.

In order to grant RPL, the assessor must be confident that the student is currently competent against the endorsed industry or enterprise competency standards or outcomes specified in Australian Qualifications Framework accredited courses. The evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The assessor must ensure that the evidence is authentic, valid, reliable, current and sufficient.

Five Star Security Training's recognition of prior learning process

The recognition of prior learning (RPL) process will be offered to and explained to all students.

Students who believe they have already obtained current skills and knowledge that would otherwise be covered in the qualification/unit of competence for which they intend to study, should apply for RPL at the time of enrolment. The student's skills and knowledge will be assessed and validated, and where appropriate, units of competency acknowledged and face-to-face training reduced.

As part of the Five Star Security Training enrolment policy, trainers will advise students of the availability of RPL, explain what the process involves and how it relates to the attainment of the qualification in some circumstances. When relevant, trainers will remind students of this option progressively throughout their time in training, in order to provide multiple opportunities for students to engage in the RPL process.

When approached by a student seeking RPL, trainers will:

- Provide the student with copies of an *RPL Information for the Applicant* and the *RPL Assessment Template*
- Provide the student with information about the types of evidence that can be used to support an RPL application

RPL fee

The student will be charged \$200 of the scheduled course fee. This includes the initial application, consultation either in person or via phone with a suitably qualified assessor, the RPL assessment and (if successful) certification.

Where the student is not able to achieve the full qualification through RPL and gap training is required, a training plan and costing structure will be mutually agreed upon. The basis of the cost structure will be pro-rata on a unit by unit basis based on the scheduled course fee.

Issuing certification

Five Star Security Training issues AQF certification documentation only after confirming that the student has met the applicable training product requirements.

Qualifications are issued with a record of results. A statement of attainment is issued for successfully completed units where the student does not complete the full qualification or completes a standalone unit course.

Relevant certification documentation is issued within 30 calendar days of completion of assessment, provided the applicable completion requirements have been met, all agreed fees have been paid and the USI requirements have been satisfied, unless a lawful exemption applies.

Completing training does not guarantee a security licence, employment or any other outcome controlled by an external organisation.

RECORDS

Five Star Security Training maintains secure records of enrolment, training, assessment, results and certification.

Records of issued AQF qualifications and statements of attainment are retained for at least 30 years. These records support verification and reissue of certification throughout that period.

Records of all assessments submitted by a student, including relevant RPL evidence, are retained for at least two years after the student completes the training product. Assessment records associated with withdrawal are also retained. Longer periods apply where required by funding contracts, legislation or other obligations.

Other student, financial and administrative records are retained according to the applicable retention schedule. A seven-year period for other records does not replace the 30-year certification requirement.

Records may be retained electronically where they remain complete, legible, secure and accessible. Paper originals are destroyed only after any required electronic capture has been checked and relevant retention or original-document requirements have been satisfied.

Students and former students may request access to their personal training records or replacement certification by contacting administration. Identity is verified before records are released. Any permitted replacement charge is disclosed before processing.

If Five Star Security Training ceases to operate as an RTO, required certification records are provided to ASQA in the prescribed format and timeframe.

Record keeping procedures

Upon enrolment, student's details will be entered into Five Star Security Training's database. This process initiates the establishment of the student's individual file which is then used to record all future details pertaining to the student. Documents pertaining to students currently enrolled are stored in secure, individual student files which are managed by Five Star Security Training's staff. The file is retained by Five Star Security Training and management of the file will be in accordance with Five Star Security Training's training records policy.

Five Star Security Training will retain client records for a period of seven (7) years. These records include:

- Records of assessment results
- Records of attainment of units of competency and qualifications
- Copies of certificates and statements of attainment
- Student enrolments
- Fees paid and refunds given

Five Star Security Training will also maintain records of staff profiles detailing qualifications and industry experience and other documentation necessary to develop, implement and maintain Five Star Security Training's quality system.

Completed assessments

Each and every assessment submitted by every student will be retained for a minimum period of two (2) years. Individual student records will be stored in a locked secured office area.

Prior to the expiration of the two (2) year period, the student's assessments will be scanned and stored electronically for seven (7) years. The electronic records are stored utilising AVETMISS compliant software and access is restricted by a password system.

Results of assessment records

Student assessment results will be recorded electronically within the Five Star Security Training database system and will be retained for seven (7) years. This information may be used to provide annual competency completion reports and/or AVETMISS reports, as required and will provide sufficient information to re-issue the testamur, if required.

A copy of each testamur issued is scanned and retained in Adobe PDF format. If requested, the testamur may be re-printed at any time within the seven (7) year period after issue. This method ensures the original format, design, signature, date and units of competency are re-printed accurately and with a minimum of effort and expense.

AVETMISS Reporting

AVETMISS stands for the Australian Vocational Education and Training Management Information Statistical Standard. It is a national data standard that ensures consistent and accurate capture and reporting of VET information about students. The National Centre for Vocational Education Research (NCVER) is the custodian of the standard.

Five Star Security Training submits AVETMISS reports to NCVER. These reports include all student and training data including:

- age, sex and other demographic information
- Indigenous and disability information
- geographic location
- type of provider (for example, government or private)
- location of training delivery
- enrolments in units of competency, as part of a qualification, and modules as part of courses
- how it was studied (for example, classroom, workplace or online)
- how it was funded
- the results obtained for unit/module (outcome)

This reporting is made under the authority of the Data Provision Requirements that are established by agreement of Training Ministers across Australia under the National Vocational Education and Training Regulator Act 2011.

Access to Records

Five Star Security Training has implemented a record management system that ensures that all students have access to accurate information regarding their learning in a timely fashion. To ensure this, employees are informed of their responsibilities for record keeping and the process is monitored through the continuous improvement process and improved where necessary. This section outlines the data management procedures that support this records management system.

Access to Student Records

Access to individual student training records will be limited to those such as:

- Trainers and assessors to access and update the records of the students whom they are working with
- Management staff as required to ensure the smooth and efficient operation of the business
- Officers of ASQA or their representatives for activities required under the standards for registered training organisations

Five Star Security Training's trainers and assessors will maintain accurate and current records of each student's progress and achievement of competencies in the area of their study. These records will be entered on the Five Star Security Training's database system during training and assessment or immediately at the completion of training and assessment.

As students complete each competency, the trainer or assessor will check the achievements against the relevant qualification packaging rules and sign off successfully completed competencies. All details of full or partially completed competencies will be recorded and stored on the student's file.

Upon completion of all relevant competencies within a qualification, the student will be entitled to receiving the full qualification. The certificate and statement of results and/or statement of attainment will be produced and presented to the student. A scanned electronic copy of all signed qualifications issued will be converted to PDF format and secured in the student's file.

Student Access to Records

Students have the right to request information about or have access to their own individual records. Five Star Security Training trainers and assessors or administration staff will provide the requested information or access. Students also have the right to request a hard copy of their own individual file that can be supplied as a printout from records retained within the data management system.

You should feel free to ask your Five Star Security Training trainer and assessor or administration staff at any time for a printout of your progress.

Privacy

Five Star Security Training considers student privacy to be of utmost importance and will practice a high standard of care and concern in regard to maintaining student privacy in all aspects of business operations. Any persons external to the organisation acting on behalf of Five Star Security Training are made aware of the confidentiality procedures and privacy policies prior to commencing work with Five Star Security Training.

Five Star Security Training will comply with all legislative requirements including the Privacy Act 1988 (Commonwealth) and the [Australian Privacy Principles \(2014\)](http://www.privacy.gov.au). www.privacy.gov.au. Five Star Security Training ensures no student information is disclosed without the student's consent, except as required by law or in adherence to the Standards for RTOs. Student consent must be obtained in writing from the student, unless the student is under the age of 18 years, in which case written consent from their parent or guardian must be obtained. Consent to disclosure of information forms and/or letters will be recorded.

Security

Five Star Security Training ensures further security of records by complying with the storage requirements detailed in ASQA's General directive: *Retention requirements for completed student assessment items*, 22 June 2012. This directive includes requirements for storage including: safeguards against unauthorised access, fire, flood, termites or any other pests, and to ensure that copies of records can be produced if the originals are destroyed or inaccessible. Five Star Security Training enhances its compliance with this directive by protecting electronic files with up-to-date virus protection, firewall and spy ware protection software.

The data management system is Cloud based and offers the security and integrity expected of a reputable Cloud storage system. In addition, electronic records are copied to a portable hard drive, every four (4) week period. The portable hard drive is stored off site in a fire proof secure location.

Five Star Security Training software and hardcopy systems will retain student's results for a period of no less than thirty (30) years. If requested, enrolment information, training and assessment information or results of assessment will be provided in electronic format wherever possible.

Paper based records will be scanned and saved in Adobe PDF format. Paper records will be securely shredded every twelve (12) months in accordance with Five Star Security Training CEO's directions.

Ceasing Operation

In the event that Five Star Security Training ceases to operate, its records will be transferred to ASQA in the appropriate format and detail as specified by the Department at the time of ceasing RTO operations. All other records including training records, taxation records, business and commercial records will be retained for a period of at least seven (7) years. Five Star Security Training will ensure that any confidential information acquired by the business, individuals, or committees or organisations acting on its behalf is securely stored.

COMPLAINTS AND APPEALS

Five Star Security Training welcomes feedback and provides accessible processes for resolving complaints and reviewing decisions that adversely affect students.

A complaint may concern our services, staff, contractors, another student or a party delivering services on our behalf. An appeal may concern an assessment result, disciplinary action, enrolment decision, support decision, fee decision or another adverse decision.

Students may raise a concern informally or submit a formal complaint directly. An informal discussion is not a prerequisite for making a formal complaint.

Complaints and appeals may be submitted to admin@fivestartraining.edu.au or by contacting administration on 0422 856 766. Staff will assist students who need help documenting or submitting a concern. Students may use a support person or representative.

Complaints and appeals are handled without victimisation. All parties are afforded procedural fairness, including an opportunity to respond to relevant information. Confidentiality is maintained to the extent reasonably possible while allowing a fair investigation.

A person directly involved in the matter will not determine its formal review outcome. Where the complaint concerns the CEO, another director or an appropriate independent reviewer will manage the review.

We acknowledge formal complaints and appeals within five working days. We normally provide a written outcome within 20 working days of receiving the information needed for review. Where more time is required, we explain the reason, advise the expected completion date and provide progress updates.

Students should normally lodge an appeal within 20 working days of receiving the decision. Reasonable extensions are considered where circumstances prevent earlier lodgement.

Written outcomes explain the decision, reasons, any corrective action and available further review options.

If an appellant remains dissatisfied, Five Star Security Training will arrange review by an independent party on request, at no or low cost to the appellant. The reviewer, process, timeframe and any proposed cost are explained before the review proceeds.

Students may also approach relevant external bodies, including Queensland's Office of Fair Trading for consumer matters and ASQA for concerns about RTO compliance. These avenues do not replace an independent review of an individual assessment decision.

Complaint and appeal records are retained securely. Outcomes and feedback are reviewed to identify improvements to training, assessment and student services.

Complaints

A student may lodge a complaint regarding the RTO; Third Party; Subcontractor; another student or Trainer. There is also provision for any and all interested stakeholders to make a complaint if they feel aggrieved. For example, a Trainer may lodge a complaint against a student.

A complaints procedure is available to all persons wishing to make a complaint, appeal or any other manner of objection in relation to the conduct of Five Star Security Training. The complaints procedure will address both formal and informal complaints. All formal complaints must be submitted in writing to Five Star Security Training management and will be heard and addressed, including a response to the aggrieved person, within five (5) working days of receipt.

Five Star Security Training management will maintain a complaints register to document the course of action and resolution of all formal complaints. All complaints substantiated by the complaints procedure will be reviewed as part of the Five Star Security Training continuous improvement procedure.

It is the responsibility of Five Star Security Training management to ensure adherence to the complaint procedure and that resolution is sought in all reasonable circumstances. This includes informing and assisting students with the complaints procedure and supply of complaint forms.

Where the appellant remains dissatisfied with the outcome of the appeals handling procedure, the appellant is to be directed to the following external agencies:

- An independent agency or consultant within the VET sector
- The Office of Fair Trading in relation to consumer protection issues
- [National Training Complaints Hotline](#) on 133 873

Appeals

The Five Star Security Training appeals process is concerned with a student's right to request change to decisions or processes of an official nature, usually in relation to academic or procedural matters.

In the case of a student's appeal against specific assessment decisions, the student should first discuss the decision(s) with the relevant trainer or assessor and request re-evaluation. The trainer or assessor will hear the student's appeal, make fair judgement to the best of their ability as to whether change(s) are required and then discuss their final decision with the student.

If the student is still dissatisfied with the trainer or assessor's decision, they have the right to take the appeal to the management team. The formal notice of appeal is required to comply with the following principles upon submission to management:

- The notice of appeal should be in writing, addressed to Five Star Security Training for referral to the management team and submitted within five (5) days of notification of the outcome of the trainer or assessors re-evaluation process.

- The notice of appeal must be submitted within the specified timeframe otherwise the original result will stand. If a student's appeal needs to be deferred due to emergency circumstances, such as in the case of serious illness or injury, a medical certificate supporting the case must be forward to management. The notice of deferral must be submitted within three (3) working days of the conclusion date displayed on the medical certificate.

It is the responsibility of Five Star Security Training management to ensure adherence to the appeal procedure and that resolution is sought in all reasonable circumstances. This includes informing and assisting students with the appeal procedure and supply of appeal forms.

All appeals will be reviewed at the monthly management meeting and, if appropriate, result in a continuous improvement process.

Where the appellant remains dissatisfied with the outcome of the appeals handling procedure, the appellant is to be directed to the following external agencies:

- An independent agency or consultant within the VET sector
- The Office of Fair Trading in relation to consumer protection issues
- [National Training Complaints Hotline](#) on 133 873

Complaints/Appeals Procedure

All persons wishing to make a complaint, appeal or any other manner of objection in relation to the conduct of Five Star Security Training or any third party (such as other students, outsourced trainers, subcontractors, staff, trainers, assessors) have access to the following procedure:

Informal complaint/appeal:

- An initial complaint or appeal will involve the student communicating directly with Five Star Security Training verbally or by other appropriate means.
- All persons identified or subject to a complaint will be notified in writing of the content of the complaint and/or allegation and afforded all natural justice and procedural fairness response mechanisms
- Five Star Security Training management will make a decision, discuss their judgement with the student and record the outcome of the complaint or appeal
- Students dissatisfied with the outcome of Five Star Security Training's decision may initiate the formal complaint procedure

Formal complaint/appeal:

- It is normal procedure that all formal complaints proceed only after the initial informal complaint or appeal procedure has been finalised
- The formal complaint or appeal is to be submitted in writing, and the procedure and outcome recorded by Five Star Security Training management
- On receipt of a formal complaint, the CEO or a nominated senior management person independent of the complaint will notify the complainant in writing that they have received the submission.
- The CEO will convene the complaint committee to hear the complaint
- The complaint committee will consist of a panel of members with no previous involvement or vested interest in the outcome of the particular complaint or appeal. Members of the committee should include:
 - A representative of Five Star Security Training management
 - A Five Star Security Training staff member
 - A person independent of Five Star Security Training (i.e. Richard Turner of TBS Consulting)
- The complainant/appellant shall be given an opportunity to present the case to the committee and may be accompanied by one (1) other person as support or as representation
- Staff member(s) involved shall be given an opportunity to present their case to the committee and may be accompanied by one (1) other person as support or as representation
- The complaint committee will reach a decision on the complaint or appeal after consideration of each case presented
- The complaint committee will inform all parties involved of the outcome in writing within five (5) working days of making the decision

All complaints and appeals will be reviewed at Five Star Security Training monthly management meeting. Continuous improvement procedures may be actioned when the complaint/appeal procedure results in identification of factors appropriate for improvement to internal operations.

When the initial causative factor of the complaint identifies a problem with current Five Star Security Training policies and/or procedures, the continuous improvement procedure will ensure changes are made to prevent reoccurrence of the problem.

Delayed processes

In the unusual circumstances where a delay in the complaint or appeal process occurs, where longer than sixty (60) calendar days are required to process and finalise the complaint or appeal, Five Star Security Training will inform the complainant or appellant in writing. In line with the importance that Five Star Security Training places on open and transparent processes and communication, the first written communication will be made at five (5) days. From that point, the complainants or appellant will be regularly updated on the progress of the matter. Including reasons why more time is required.

LEGISLATIVE REQUIREMENTS

Five Star Security Training complies with legislation and regulatory requirements relevant to its operations, training products and delivery locations.

Relevant Commonwealth requirements include:

- National Vocational Education and Training Regulator Act 2011.
- The 2025 Outcome Standards, Compliance Standards and Credential Policy.
- Student Identifiers Act 2014.
- Privacy Act 1988 and the Australian Privacy Principles, where applicable.
- Copyright Act 1968.
- Competition and Consumer Act 2010, including Australian Consumer Law.
- Disability Discrimination Act 1992 and Disability Standards for Education 2005.
- Sex Discrimination Act 1984.
- Racial Discrimination Act 1975.
- Age Discrimination Act 2004.

Relevant Queensland requirements include:

- Work Health and Safety Act 2011 and applicable regulations.
- Anti-Discrimination Act 1991.
- Fair Trading Act 1989.
- Security Providers Act 1993 and applicable regulations.
- Weapons Act 1990 and applicable regulations where relevant.
- Working with Children (Risk Management and Screening) Act 2000 and applicable regulations where relevant.

Additional licensing, funding, child safety and jurisdiction-specific requirements are applied where relevant. Students are advised of requirements that affect their participation, assessment or intended occupational outcomes.

Five Star Security Training Legislation Implementation

Work, Health and Safety Policy

The Work Health and Safety Act 2011 outlines the requirements of an RTO in establishing and maintaining workplace health and safety standards. The requirements of an RTO as specified in the above mentioned Act are to:

- Secure the health, safety and welfare of employees and other persons at work
- Eliminate, at the source, risks to health, safety or welfare of employees and other persons at work
- Ensure that the health and safety of members of the public is not placed at risk by the conduct of undertakings by employers and self employed persons
- Provide for the involvement of employees, employers, and organisations representing those persons, in the formulation and implementation of health, safety and welfare standards.

It is an obligation under legislation that all Five Star Security Training employees and management contribute to and assist in maintaining workplace health and safety and risk management operations as part of their role within the RTO. Five Star Security Training management is responsible for providing the following standards as part of its commitment to employees and clients:

- A safe workplace, with a safe system of work
- Adequate workplace health and safety professional development for Five Star Security Training students, employees, management and stakeholders
- Properly maintained facilities and equipment
- A clean, tidy, suitably designed workplace with the safe storage of goods.

Five Star Security Training has initiated procedures, policies, guidelines and work instructions, practicing an ongoing commitment to workplace health and safety including each site used for training delivery.

The following procedures and standards are observed by Five Star Security Training to achieve a safe working and learning environment:

- Maintain a safe, clean and efficient working environment
- Evacuation plan (fire, bomb, major incident)
- Emergency control
- Accident/Incident reporting
- Rehabilitation
- Risk identification reporting
- PPE/chemicals (storage)
- Manual handling techniques and training
- Store and dispose of waste according to WHS regulations
- Equipment checks and maintenance
- Equipment safe storage

- Fire hazards identified and fire prevention
- Student safety
- Unsafe situations identified and reported
- First aid and safety procedures displayed, for all Five Star Security Training staff and student's to see

Harassment and Discrimination Policy

Under Australian law it is a requirement of every workplace to ensure it provides an environment free from all forms of harassment and discrimination, including victimisation and bullying. In doing so, all staff and students are treated fairly and have the opportunity to feel safe, valued and respected.

Discrimination is where a person treats or proposes to treat, a person with an attribute less favourably than another person without the attribute is or would be treated under the same circumstances. Examples include but are not limited to discrimination by age, disability, employment, nationality, religion, gender and sexual orientation.

Harassment is any unwelcome and uninvited comment or action that results in a person being intimidated, offended, humiliated or embarrassed.

Bullying is any unwelcome and offensive behaviour that intimidates, humiliates and/or undermines a person or group. Bullying involves a persistent pattern of behaviour over a period of time and may include verbal abuse, physical assault, unjustified criticism, sarcasm, insults, spreading false or malicious rumours, isolating or ignoring a person, putting people under unnecessary pressure and sabotaging someone's work or their ability to complete their work.

At Five Star Security Training it is made known that in the event that a person considers that he or she has been or is being harassed, this person should be encouraged to inform the other party that their behaviour is objectionable and should not be continued, provided they are comfortable with confronting the offender. In instances where the person is not comfortable discussing the matter with the offending party, a trainer or other Five Star Security Training staff member should be informed of the situation. In this case it becomes the responsibility of the relevant staff member to follow Five Star Security Training policy and procedures to rectify the situation.

The following principles and processes are implemented by Five Star Security Training to achieve a working and learning environment that is free from harassment and discrimination:

- It is the right of all staff and student's to work and study in an environment free of any form of harassment and discrimination
- All reports of harassment and discrimination will be treated seriously, in an unbiased, respectful and sensitive manner. Any form of harassment and discrimination is considered unacceptable behaviour and will not be tolerated by Five Star Security Training

- When Five Star Security Training management is informed of any event involving harassment or discrimination, it is their responsibility to take immediate and appropriate action to address it
- In dealing with all complaints, the rights of all individuals involved should be respected and confidentiality should be maintained
- It is the intention of Five Star Security Training management that a process of discussion, cooperation and conciliation will resolve all complaints. The aim is to achieve an acceptable outcome for the involved parties while minimising any potential damage to the organisation
- Both the person making the complaint and the person against whom the complaint has been made will receive information, support and assistance in resolving the issue from Five Star Security Training management
- Victimisation is unacceptable and will not be tolerated. No person making a complaint or assisting in the investigation of a complaint should be victimised
- Harassment or discrimination should not be confused with legitimate comment and advice (including constructive feedback) given appropriately by management or trainers. Managers and trainers should be conscious of how they present their feedback to ensure the message is not misinterpreted
- Staff and students should not make any frivolous or malicious complaints. All staff and students are expected to participate in the complaint resolution process in confidence that the procedures are designed to ensure fair resolution

Working with Persons Under 18 Years of Age

There is no single national framework setting out the requirements for obtaining Working With Children Checks or Police Checks. Each state and territory has their own procedures and it is necessary to fulfil the requirements in the jurisdiction(s) in which you are working. Relevant legislation and state and territory screening programs are explained in this [linked table](https://aifs.gov.au) at <https://aifs.gov.au>

Individuals are required to apply for a working with children check known as a “Blue Card”.

Five Star Security Training provides a safe learning environment for students under 18 and applies child safety requirements relevant to the student cohort and delivery setting.

Working with children screening requirements are assessed against the applicable Queensland legislation, the person’s duties, the setting and any lawful exemptions. A blue card is not automatically required solely because an RTO employee trains a student under 18. Where a role or setting requires clearance, the necessary requirements must be met before the person performs that work.

Students under 18 receive appropriate information about support, safe participation and how to report concerns. Parent or guardian involvement is arranged where required and appropriate.

Staff must promptly report suspected harm or child safety concerns through the organisation's child safety procedure. Management will take protective action and notify relevant authorities where required. Immediate danger should be reported to emergency services on 000.

Students under 18 years of age may enrol with Five Star Security Training. According to the law, a child is considered any individual less than 18 years of age.

Consumer Rights

Consumer protection

On 1 January 2011, the Australian Consumer Law commenced and the Trade Practices Act 1974 was repealed and replaced by the Competition and Consumer Act 2010. The Australian Consumer Law provides for:

- National consumer protection and fair trading laws
- Enhanced enforcement powers and redress mechanisms
- A national unfair contract terms law
- A new national product safety regime
- A new national consumer guarantees law

Contractual agreement

Students who enrol in a training program with Five Star Security Training should be aware that they are entering into a contractual agreement. With a view to ensuring all students are fully aware of their rights and obligations, Five Star Security Training will design agreements, enrolment forms, service agreements or similar using a logical format and simple English. This may include, but is not limited to:

- Wording that allows the prospective student to know what he/she is agreeing to
- Clearly explained disclaimers
- No misleading or deceptive behaviour
- No actions, omissions or dialogue (written or verbal) that may force or coerce the student
- Fair dealings for disadvantaged students

For more information on consumer rights, please refer to www.consumerlaw.gov.au

Privacy Principles

The Privacy Amendment (Enhancing Privacy Protection) Act 2012 (Privacy Amendment Act) made many significant changes to the Privacy Act 1988 (Privacy Act). These changes commenced on 12 March 2014. The Privacy Regulation 2013, made under the Privacy Act, also commenced on 12 March 2014.

Five Star Security Training collects personal information reasonably necessary to manage enquiries, enrolment, training, assessment, support, certification, funding and required reporting. Students receive information about why their details are collected, how they may be used or disclosed, and how to access the privacy policy.

Personal information may be provided to authorised bodies such as NCVER, government funding departments, ASQA and the Student Identifiers Registrar where required or authorised. Other disclosures are made with consent or another lawful basis.

Access is restricted to authorised persons with a legitimate need. Reasonable safeguards protect information against misuse, interference, loss and unauthorised access, modification or disclosure. Where personal information may be disclosed overseas, Five Star Security Training assesses the applicable Australian Privacy Principles and identifies likely overseas disclosures in its privacy information, including countries where practicable.

Sensitive information is collected with consent unless an applicable legal exception permits otherwise. A student's capacity to consent is considered; being under 18 does not automatically mean all privacy decisions must be made by a parent or guardian.

Students may request access to or correction of their personal information, subject to applicable exceptions. Requests and privacy complaints can be directed to admin@fivestartraining.edu.au or 0422 856 766.

Records are securely destroyed or de-identified when no longer required, subject to statutory, regulatory and contractual retention obligations.

Privacy Principles that are strictly applied to all aspects of Five Star Security Training's operations include:

Collection

Five Star Security Training will only collect necessary information pertaining to one or more specific operations. The student will be informed as to the purpose for which details are being collected.

Use and disclosure

Five Star Security Training will ensure student personal information is not used or disclosed for secondary purposes without obtaining explicit consent from the student, unless a prescribed exception applies.

Data quality

Five Star Security Training will take all reasonable measures to ensure that all students' personal information that is collected, used or disclosed is accurate, current and complete.

Data security

Five Star Security Training will take all reasonable measures to ensure all collected students' personal information is protected from misuse, loss or damage, and that all data and record storage is secure from unauthorised access, modification or disclosure.

Openness

Five Star Security Training will maintain documentation which detail how students' personal information is collected, managed and used. When a student makes an enquiry in relation to information collected, Five Star Security Training will explain what information is held, for what purpose it is held and what procedures outline the collection and use of information.

Access and correction

Five Star Security Training will allow students access to personal information held in all circumstances unless prescribed exceptions apply. If the student identifies errors within the information, Five Star Security Training will correct and update to file.

Unique identifiers

Five Star Security Training will not assign students unique identifiers except when it is necessary for efficiency of operations. Commonwealth Government identifiers, such as Medicare numbers or Tax File Numbers, will only be used for the purposes of which they were issued.

Anonymity

Five Star Security Training will provide students the opportunity to interact with the business without requiring the student to make their identity known in any circumstances it is practical and possible to do so.

Trans-border data flows

Five Star Security Training privacy protection principles apply to the transfer of data throughout Australia.

Sensitive information

Five Star Security Training will request specific consent from a student in circumstances where it is necessary to collect sensitive information. Sensitive information may include, but is not limited to; information relating to a student's health, criminal record, racial or ethnic background.

Copyright

Five Star Security Training respects copyright in learning resources, assessment materials, publications, images, videos and other content.

Third-party material is used only where an appropriate legal basis exists. This may include permission from the copyright owner, a direct licence, an open licence such as Creative Commons, an applicable statutory licence or a lawful exception.

Where the statutory education licence under section 113P of the Copyright Act 1968 is relied upon, Five Star Security Training must be covered by the applicable arrangements and comply with their conditions.

The education licence does not provide unrestricted permission to use every type of content. Video, sound recordings, software and other materials may require separate permissions or licensing arrangements.

Students must acknowledge sources used in their work and must not reproduce or distribute protected course materials beyond the permissions provided.

Australian Skills Quality Authority (ASQA) is the national regulator for Australia's vocational education and training sector. ASQA regulates courses and training providers according to the Standards for Registered Training Organisations 2025 to ensure nationally approved quality standards for training are met.

Vocational Education and Training Regulations

The VET Quality Framework is comprised of:

- [Standards for Registered Training Organisations 2025](#)
- [Australian Qualifications Framework](#)
- [Fit and Proper Person Requirements](#)
- [Financial Viability Risk Assessment Requirements](#)
- [Data provision requirements](#)

The Framework established by the [National Vocational Education and Training Regulator Act 2011](#)

The legislative framework established by the [National Act 2011](#) and related legislation:

- Gives ASQA the power to audit an RTO at any time
- Gives ASQA the power to apply sanctions (including applying conditions to, suspending or cancelling a registration)
- Allows providers to seek a review of ASQA decisions

[Standards for Registered Training Organisations 2025](#) form part of the VET Quality Framework, a system which ensures the integrity of nationally recognised qualifications. These Standards underpin the risk based regulatory system that aims to increase the confidence of students and employers in the integrity of VET qualifications.
